Quality at the Best Price

Al Meera is one of the Middles East's leading manufacturers of kitchen, wardrobe, and vanity systems with the capacity of producing 30,000 kitchens and 200,000 wardrobes per year of a quality that competes with European products. The options at Al Meera cater to all tastes with more than 1,000 different colors and designs. Al Meera is backed up by a specialized team of over 38 years of experience in this field.

Al Meera's services include designing, manufacturing, installing and maintaining the below products and services:

1- Residential kitchens, wardrobes, and vanities

2- Wooden room doors in all their forms

3- Cutting and supplying of granite, acrylic, and marble worktops for kitchens, vanities, and flooring

4- Cutting and supplying of mirrors and glass for vanities and wardrobes

5- Various interior fit-out works

6- Diverse maintenance works

Our mission is to provide high-quality, elegant products and services at the most reasonable price n order to build long term and mutually beneficial relationships with all our clients.

الميرة من الشركات الرائدة في الشرق الأوسط في تصنيع المطابخ و الخزائن و المغاسل بطاقة إنتاجية سنوية تفوق ٣٠،٠٠٠ مطبخاً و ٢٠٠،٠٠٠ خزانة بنوعية تضاهي المنتجات الأوروبية من حيث الجودة و خيارات تلبي كافة الأذواق بأكثر من ١،٠٠٠ لون و تصميم مختلف. كما أن الميرة تتمتع بفريق عمل ذات خبرة تزيد عن 38 سنة في هذا المجال .

تتولى شركة الميرة التصميم و التصنيع و التنفيذ و الصيانة لكافة المنتجات و الخدمات أدناه :

١- المطابخ المنزلية والخزائن والمغاسل

٢- أبواب الغرف الخشبية بكل أشكالها

٣- قص وتركيب أسطح رخام وغرانيت وأكريليك للمطابخ والمغاسل والأرضيات

٤- قص وتركيب المرايا والزجاج للمغاسل والخزائن

٥- أعمال ديكور مختلفة

٦- أعمال صيانة غير محددة

إن المهمة التي نسعى لتحقيقها تتمثل في إنتاج نوعية عمل تتمتع بالجودة العالية والأناقة بأنسب الأسعار لبناء علاقة طويلة الأمد تنطوي على المصلحة المتبادلة مع كافة زبائننا .

ORGANIZATIONAL CHART

ENVIRONMENTAL, HEALTH & SAFETY POLICY

Occupational Health, Safety of employees, and protection of the environment are our primary objective at Al Meera. Our aim is to have an injury free workplace with no incidents and no harm to the environment. We take this responsibility seriously and we believe that such an approach will generate and sustain significant environmental, social and financial benefits, thereby contributing to our objective of long-term sustainability.

Our EHS commitment:

- Comply with applicable EHS regulations and policies and communicate them in a clear manner.
- Ensure awareness and implementation of environmental protection, healthy and safety among all employees and those concerned by periodical training, display and communication of policy, and penalizing violators.
- Cooperate with the public, government and other concerned parties to develop appropriate regulatory and public policies that protect the environment and general health and safety.
- Work cooperatively with our suppliers, business partners, and clients to ensure their support to EHS policy
- Assess EHS impacts before the commencement of any project on both a design and production level.
- Prevent pollution, recycle materials, and reduce the use and release of toxic and hazardous material as much as possible within a particular scope.
- Waste Disposal as per Dubai Municipality Guidelines & Regulations.
- Take appropriate measures and precautions to avoid workspace injuries and illnesses and provide a risk-free and safe work environment.
- Continue to improve our EHS systems and policies as a vital part of our operation strategy

Owned by Ahmed Seddiqui & sons, the mixed used tower appears opaque at ground level, then meteorically rises to a more transparent as the tower rises.

The tower also hosts two sky terraces. Horizontal slots at the baseof the building to reflect the movement on the street and provides shade on the pavement.

Project Name	: Sifah Farms
Location	: Jebel Sifah - Governate, Muscat, Oman
Developer	: Muriya Tourism Development
Contract	: **OMR 70,000**

SCOPE OF WORK:

Supply, installation and maintenance of **Wardrobes, Vanity, and Laundry systems.**

Inspired by the traditional Mazra’a country estates to be found across Oman, Sifah Farms is a celebration of the joys of outdoor living. With just 35 plots across the development, every home is built with space in mind. This space gives owners the ultimate outdoor privacy; the freedom to make memories with family and friends within the privacy of their walled gardens and stylish interiors. But what makes Sifah Farms unique is that just beyond the private space is an established community with all the amenities one would expect from a world-class destination.

Project Name : The Laguna Garden Phase 2 Project

Location : Hawana Salalah, Oman

Developer : Muriya Tourism Development

Contract : **OMR 45,000**

SCOPE OF WORK:

Supply and installation of **Wardrobes.**

Muriya, Oman's most diversified real estate developer, launched Laguna Gardens, a new residential community set at the heart of Hawana Salalah, Oman's largest tourism destination. The exclusive development offers an array of one, two and three-bedroom single storey villas, each enjoying direct lagoon views from their private gardens, in addition to studios and simplexes with direct pool access. Laguna Gardens is designed as a celebration of the finer things in life, surrounded by Hawana Salalah's 5-star resort facilities.

Project name : Beachfront

Location : Jebel Sifah, Sultanate of Oman

Developer : Muriya Tourism Development

Consultant : Muriya Co.

Contractor : Salalah Beach Tourism Development

Contract : **OMR 42,144**

SCOPE OF WORK:

Supply, installation and maintenance of **Wardrobe systems.**

The Beachfront has been planned and built according to Jebel Sifah's operational standards. The project offers a range of one-bedroom twin villas, two- and three-bedroom stand-alone villas, with sea views from private gardens. The Beachfront has been designed across an elevated masterplan that steps up from the beach towards the mountains inland.

Project name	: Laguna Gardens
Location	: Salalah, Sultanate of Oman
Developer	: Muriya Tourism Development
Consultant	: Muriya Co.
Contractor	: Salalah Beach Tourism Development
Contract	: **OMR 40,777**

SCOPE OF WORK:

Supply, installation and maintenance of **Wardrobe systems.**

The philosophy behind Laguna Gardens is to lift all who live here out of the ordinary, to create special spaces to let owners thrive and achieve their potential. To create a jewel within the crown of a luxury resort, surrounded by nature and room to breathe. Every home enjoys calming views across a private stretch of a peaceful lagoon or overlooking beautifully manicured gardens.

Finsa Melamine Faced Medium Density Fiberboard

Description

MOISTURE RESISTANT MDF is a board with improved resistance to moisture for interior applications involving only short term exposure to high relative humid atmosphere.
It is manufactured by upgrading with melamine the normally used area formaldehyde resin binder. All the desirable properties of the standard MDF are retained in these boards with the added advantage of a higher level of strength retention and less swelling when used in extreme interior condition.

Properties

Greater dimensional stability, flat surface, low absorption on moulded edges and surface and high mechanical properties.

Advantages

These boards are characterized by the execellent curing of the resins in theircore and uniform distribution of wood fibres, which result in important advantages, such as machinability, reduction of tool wear, better profiles of the core and reduction of finishing costs.

Finsa Melamine Faced Medium Density Fiberboard

Description
Fribraplast is obtained from overlaying Finsa MDF with special papers impregnated with synthetic resins. THe bonding process can be on either one or two sides and is carried out in special presses at high temperatures. The decorative papers used for overlaying are generally classified into the following categories: whites, solid colur, woodgrain designs and abstracts.

Application
Modern design-led furniture has developed thanks to Fibraplast. The MDF base can be easily moulded and shaped thus enabling all kinds of geometric effects. The finished furniture products are widely seen in conference and hotel furniture, teenager and children bedroom furniture as well as in hi-fi accessories.

Another field where the advantages are highlighted is in reproduction furniture. The high gloss finish combined with matching, tinted moulded edges enables the furniture manufacturer to supply a classic piece of furniture but in an alternative material to endagered, expensive, exotic timber species. Nevertheless, it is in the kitchen and bathroom furniture fronts where Fibraplast has become most widely used. Both in doors with matching wrapped mouldings or in flat doors Fibraplast can be used to ensure the perfect finish.

CHARACTERISTICS	PROPERTIES OR FEATURES	UNITS	TYPES OF APPLICATION	
			IA	VA
ABRASION RESISTANCE	RESISTANCE TO WEAR	MINIMUM REVOLUTIONS	50	100

-Self closing feature
-Flexible 2-Dimensional front adjustment
-Smooth rolling mechanism
-double out-stop safety feature
-locked-in position when fully extended

RITMA cube

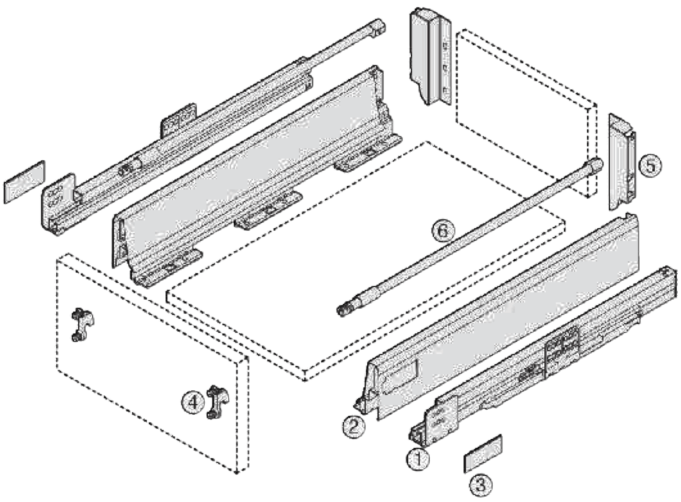

Standard drawer-S

-Roller bearing concealed runners
-Full extension with synchro control
-Steel drawer side 83mm
-Load capacity 35kg
-Quick assembly
-Flexible 2-dimensional front adjustment
-Sylent integrated cushioning system
Integrated lateral stabiliser

RITMA cube

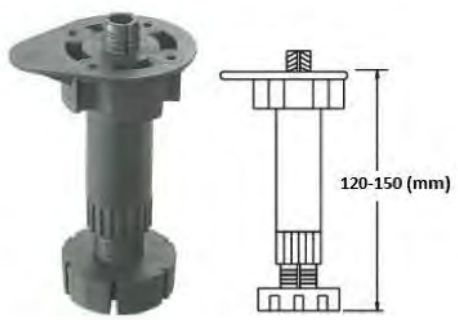

Standard drawer-S

-Roller bearing concealed runners
-Full extension with synchro control
-Steel drawer side 83mm
-Load capacity 35kg
-Quick assembly
-Flexible 3-dimensional front adjustment
-Sylent integrated cushioning system
Integrated lateral stabiliser

ADJUSTABLE LEGS

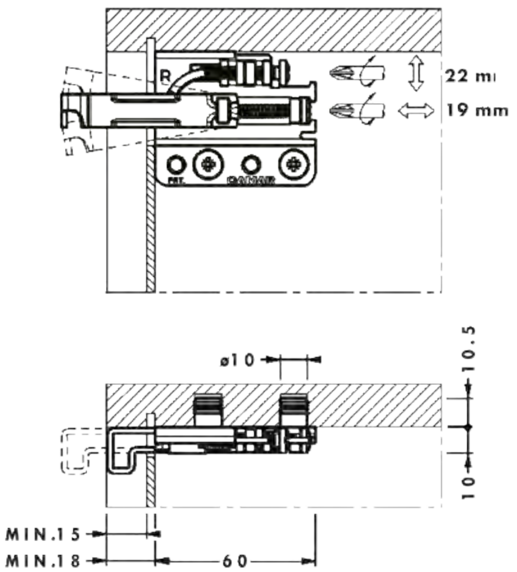

Type	: Adjustable Cbinet Leg
Material	: Acrylonitrile Butadine Styrene (ABS)
Color	: Black
Dimensions	: H=120-150(mm) , Base diameter=50(mm)
Load Bearing	: 350Kg/pc
Application	: Kitchen and Wardrobe cabinet leg
Origin	: China
HS Code	: 39269090

Accesories	: Cabinet Leg Clip
Material	: Acrylonitrile Butadine Styrene (ABS)
Color	: Black
Application	: For Aluminum or plastic skirting

WALL BRACKETS

PVC SKIRTING

Material : Made from high quality PVC Compound.
Perfect wall-to-floor protective base board.

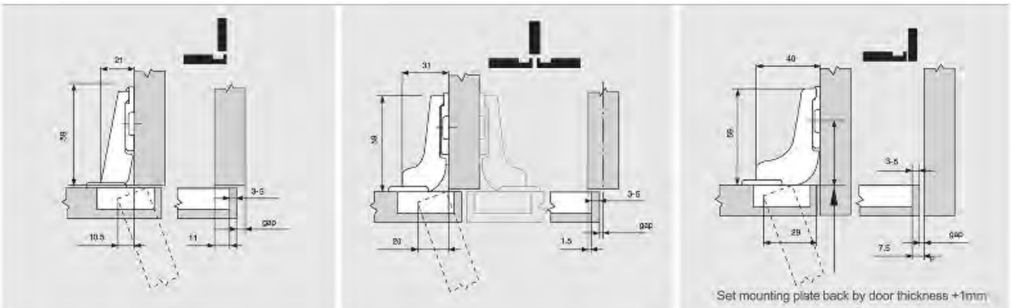

SAMSUNG IREX®

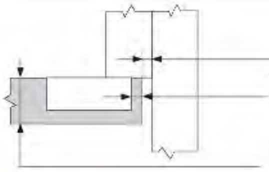

1775D CONCEALED HINGE

- World Best durability hinge
- Advanced damping mechanism
- Easy Adjustment
- Innovative designs

Hinge dimensions and gap calculation based on a factory (mounting plate spacing = 0-9mm) Hinge and door protrusion. of full opening angle.

minimum gap requirement in mm

drilling dist. : from 3mm	0.8	1.4	1.8	2.2	3.1	4.5	A trial application is recommended					
to 5mm	0.8	1.3	1.5	1.9	2.7	3.8						
Door thickness in mm	16	18	19	20	22	24	26	28	29	30	31	32

The above figures are based on doors with radiused edges (R=1mm)
